EMPLOYMENT HISTORY

OCT 2018 – PRESENT

ETL LEAD, MSCI LTD.

- Lead a small global team of developers to create translators for client data transformation to an MSCI standard.
- Create tools (Talend, SQL, C# .NET, Python) that are used on a daily basis to process data. (daily, quarterly, yearly periods)
- Work using Agile methodologies.
- Participate in- and plan quarterly PIs.
- Unit testing, testing solutions
- Hiring, mentoring and training new joiners.
- Evaluate direct reports and support their career aspirations.

DEC 2017 – OCT 2018

ETL DEVELOPER, MSCI LTD.

- Develop complex services for transforming client data to an MSCI standard using Talend, MSSQL, C# .NET
- Unit testing, regression testing and releasing solutions.
- Participate in Agile ceremonies on a daily basis.

SEP 2015 – DEC 2017

DATA OPERATIONS, MSCI LTD.

- Maintaining daily operational tasks.
- Creating tools and scripts using MSSQL to enhance client experience
- Solve issues and propagate changes accordingly.
- Automated daily and monthly processes using MSSQL and Server Agent.

NOV 2012 – SEP 2015

OPERATIONS SUPPORT, CITIBANK EUROPE PLC.

- Created complex services for retail customers (payment authorizations, monthly fee calculations)
- Worked closely with the loan team to refactor and rework out of date methodologies, processes and services. (used C# .NET to rebuild the services)
- Participated in Citibank's largest project-to-date that transformed Citibank Europe PLC. to true digital banking.
- Trained and mentored newcomers.
- Participated in hiring processes.
